

Local Land Charges external release notice

Release number: 10_5

Release Date: 30/01/2024

Service: Maintain local land charges

- New 'Download shapefiles for this extent' function.

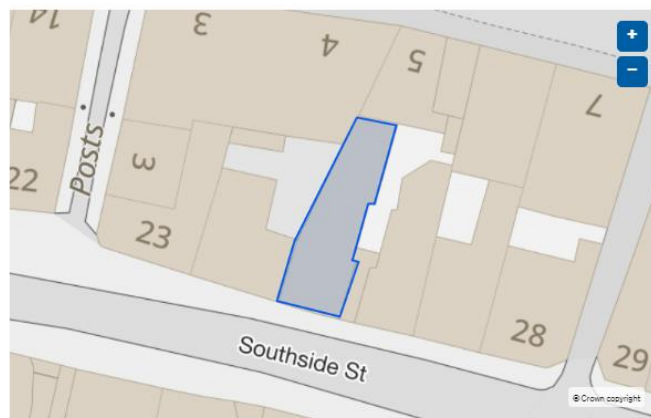

Maintain local land charges users can now download the extent of a charge in 'shapefile' format. It is expected to be useful for users who create their charge extent within Maintain local land charges, but also need to store a charge extent in their own system.

The 'Download shapefiles for this extent' function has been added to the 'View local land charge' page. It can be found by searching using 'Find, update or cancel a charge' on the main menu, and selecting a charge. The function is displayed under the 'Extent area' map view on the 'View local land charge' page.

Location

25 Southside Street
Plymouth
PL12LD

Extent area

Use the map controls to navigate around the map.
