

## ***Local Land Charges external release notice***

---

***Release number 9.4***

***Release Date: 23/05/2023***

---

### ***Service: Maintain local land charges***

- Improve map display on View Charge screen.

*The map image showing the charge extent was previously a small, static thumbnail. This has been replaced by an interactive map to allow zooming and panning, to provide a better view of larger, more complex charge extents.*
